ECF Engineering Consultants

In 1982, E.C. Fennell, P.A. (ECF) was originally established by Everett C. Fennell, P.E. CEO/Managing Principal, to provide individuals with engineering consultant services. In 2011, with the help of a small support team, ECF was rebranded as **ECF Engineering Consultants** to provide engineering consulting services to the large scale energy market. ECF is headquartered in West Palm Beach, FL, with offices in Atlanta, GA and Plantation, FL. ECF has grown into a multi-faceted corporation with 150 employees comprised of experienced engineers and a professional staff specializing in providing technical solutions.
